Elevate HR™ Extensions for AX integrate with Microsoft Dynamics® AX to complete its Human Capital Management features

Manage disciplinary events within Dynamics AX to stay current, compliant, and informed. Tie disciplinary events to financial impact to facilitate Sarbanes-Oxley reporting for management-level employees. In addition to tracking the “bad,” record the “good” through the Employee Commendation form. Track both positive and negative events year-round to ensure that managers have all the information they need about their employees during the performance evaluation process. Keep your employee disciplinary and awards programs on track!

Both Disciplinary and Commendation notices contribute to the Performance management cycle. Skills and competencies set the baseline. Goals set the agenda for the coming year. Disciplinary and Commendation events occur over the course of the year and are used for the final rating. All elements fit within the **Elevate HR Extensions for AX** structure.
